

20MWh Smart Photovoltaic Energy Storage Container for Field Research

Overview

What is Qianyuan Smart Storage 20mwh?

The Qianyuan Smart Storage 20MWh system marked its first external exhibition debut at SNEC 2025, where a product launch event and certification ceremony were held. Adopting a modular integration design, the system achieves a single-container capacity of 20MWh and a design lifespan of 25 years, leading the global industry.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

20MWh Smart Photovoltaic Energy Storage Container for Field Rese
