25W Outdoor Solar Light

Overview

What is a 25W solar LED path light?

Introducing the 25W Solar LED Pathway Light from Solera, a pioneering solution designed to illuminate your outdoor spaces with ease and efficiency. This all-in-one lighting fixture incorporates a solar panel, light engine, and battery, offering a completely off-grid operation without the need for complex wiring or trenching.

How many lumens per watt is a solar pathway light?

With an impressive efficiency of 165 lumens per watt, this solar pathway light is not only a testament to advanced lighting technology but also a step towards more sustainable and environmentally friendly outdoor lighting solutions. Illuminate your outdoor spaces with Solera's 25W Solar LED Pathway Light.

How many lumens does a solera path light provide?

Illuminate your outdoor spaces with Solera's 25W Solar LED Pathway Light. Featuring an all-in-one design for easy off-grid installation, it provides 2500 lumens of warm light.

What kind of battery does a solar pathway light use?

It houses a 3.2V/50AH LiFePO4 battery, renowned for its long life and reliability. With an impressive efficiency of 165 lumens per watt, this solar pathway light is not only a testament to advanced lighting technology but also a step towards more sustainable and environmentally friendly outdoor lighting solutions.
