

300wh power station in China in Brasilia

Overview

What is the largest power transmission project in Brazil?

It is the largest power transmission concession project and the largest infrastructure construction project in Brazil in recent years. State Grid won the bid for the project on Dec 15, 2023, its third time to shoulder a UHV power transmission project overseas. The first two projects are also located in Brazil.

Does state Grid have a UHV power transmission project in Brazil?

It is the third time State Grid has shouldered a UHV power transmission project in Brazil.

Will Brazil export 800 kilovolts of UHV direct current?

(Executive editor: Zhu Zeya) In April this year, State Grid Corporation of China's subsidiary in Brazil signed a concession agreement with Brazil's Electricity Regulatory Agency on a project to export ± 800 -kilovolts of ultra-high-voltage (UHV) direct current (DC) new energy power from Northeast Brazil to other regions.

How much will Brazil's new power plant cost in 2029?

"With an investment of 20 billion reais (\$3.4 billion), the project will supply 5 million kilowatts of power to regions including the capital Brasilia and is scheduled to be put into operation in 2029," said Wang Xiaogang, chief technical officer at State Grid Brazil Holding.
