

Amsterdam backup power storage application

Overview

Is Alfen launching its largest battery energy storage system?

Almere, the Netherlands 24 April 2025 – Alfen is proud to announce the launch of its largest battery energy storage system (BESS) project to date with Return (formerly: SemperPower), a leading player in the development of independent large-scale energy storage projects.

Will the Netherlands roll out 9GW of battery energy storage?

"By 2030, the Netherlands must roll out at least 9GW of battery energy storage to secure Europe's balanced energy grid." The sophisticated BESS consists of 144 cutting-edge lithium-ion sealed cells -known as Fluence cubes - boasting a formidable capacity of 90MWh.

Where are Alfen energy storage systems installed?

With a history of innovation dating back to 1937, Alfen's energy storage systems, smart grid solutions, and EV charging stations are installed across more than 30 countries in Europe. The company has been developing energy storage systems since 2011, with installations totalling over 1+ GWh of energy capacity across 11 European countries.
