

# Austrian solar panel processing manufacturer

## Overview

---

Who makes Energetica photovoltaic modules?

Energetica: High-performance photovoltaics. Made in Austria Energetica Photovoltaic Industries develops, tests and produces high-performance photovoltaic modules in Austria that are among the most technically advanced products in the industry worldwide.

Who makes photovoltaic modules?

New video: Impressions from photovoltaic module production at Energetica Industries. This project is co-financed by the European Regional Development Fund. Energetica Photovoltaic Industries ist ein österreichischer Solarmodulhersteller. Das Unternehmen fertigt Hochleistungsmodule in Europa.

Where are flexible photovoltaic modules made?

At our production center in Wiener Neustadt, we utilize state-of-the-art fiberglass materials from the aerospace industry combined with highly efficient monocrystalline silicon cells. This positions us as pioneers in developing a new generation of flexible photovoltaic modules that are not only lightweight but also extremely durable.

Who is Energetica photovoltaic industries?

Energetica Photovoltaic Industries develops, tests and produces high-performance photovoltaic modules in Austria that are among the most technically advanced products in the industry worldwide. Our premium products are characterised by the highest performance, long service life and technological edge.
