What is Minuteman's battery backup?

Minuteman's line of battery backup (Uninterruptible Power Supply) products offer complete protection from all power problems. They provide high quality power protection for critical communications, information, and security devices.

How long does a Minuteman ups last in a blackout?

In a blackout situation, all Minuteman line-interactive UPSs switch to battery mode in less than 4 milliseconds. This means they can provide power for a limited time, depending on the UPS model and load. Additionally, line-interactive units provide protection from spikes and surges, plus RFI and EMI filtering.
