

Germany Hamburg rooftop solar panel manufacturer

Overview

Solar cells and modules are manufactured by Sharp with a total output of more than 3 GWp, making Sharp one of the leading companies world-wide for the manufacture of premium-quality monocrystalline and polycrystalline modules as well as thin-film modules. Who is home of solar?

Home of Solar (HOS) is an innovative project developer and investor in large-scale photovoltaic systems. Founded in Hamburg in 2021 by two visionary young entrepreneurs, our mission is to transform unused rooftop spaces into profitable solar energy projects - entirely cost- and risk-free for property owners.

Who are German solar pioneers?

As German solar pioneers, we are absolute experts in the construction of rooftop modules. But we thought ahead early on and started to take the possibilities of our technology to new levels. Today you will find modules for the classic rooftop system, as well as solar roof tiles and unusual products for solar construction.

Where are Solimpeks solar panels made?

Based in Munich, Germany, Solimpeks Solar is the German subsidiary of Solimpeks Solar Corp of Turkey. The company has been producing solar thermal panels since 1973 and is one of the top five producers of thermal solar collectors in the world. Other products it offers are PV-T, hybrid panels, and thermosiphon systems.

Where are solar modules made?

The solar modules of SOLARA are the product of German workmanship and are manufactured exclusively in Germany. Thanks to the high quality of the materials used and their manufacturing, they are extremely robust and durable.
