

Invest 12 billion yuan in lithium-ion batteries for energy storage

Overview

Why is lithium-ion battery industry growing?

Lithium-ion battery industry reports a 68% increase in production amid global demand for energy storage and renewable technologies.

How did China's Lithium-ion battery market perform in January-April?

Export figures for lithium-ion batteries during the January-April period were also positive, with total exports valued at 155.4 billion yuan, equivalent to about 21.7 billion U.S. dollars. This reflects a 25 percent year-on-year increase, indicating strong international demand for China's battery products.

Will China's Lithium-ion battery industry grow in 2025?

BEIJING, June 14 -- China's lithium-ion battery industry has experienced substantial growth in the first four months of 2025, according to recent statistics released by the Ministry of Industry and Information Technology.

How many GWh does a lithium ion battery produce?

In terms of specific applications, the production of lithium-ion batteries for power storage surpassed 110 GWh, while the capacity of power batteries installed on new energy vehicles reached approximately 184 GWh.

Invest 12 billion yuan in lithium-ion batteries for energy storage

[China powers up nation's largest standalone battery storage ...](#)

4 days ago · A 500 MW/2,000 MWh lithium iron phosphate battery energy storage system has entered commercial operation in Tongliao, Inner Mongolia, after five months of construction, ...

[Digging Deep: Sichuan's 500](#)

Sep 11, 2025 · Another enterprise, Sunwoda, has invested 8 billion yuan in Deyang to build a 20GW lithium - battery and energy - storage industry production base. After Sichuan has ...

[China's largest standalone battery storage project powers up](#)

5 days ago · A 500 MW / 2,000 MWh standalone BESS in Tongliao, Inner Mongolia, has begun commercial operation following a five-month construction period, reflecting China's ...

[China's lithium battery makers plan RMB 400 billion in new](#)

China's lithium battery manufacturers are pushing ahead with more than RMB 400 billion (about US\$56 billion) in new investment as they race to secure orders from the electric-vehicle

and ...

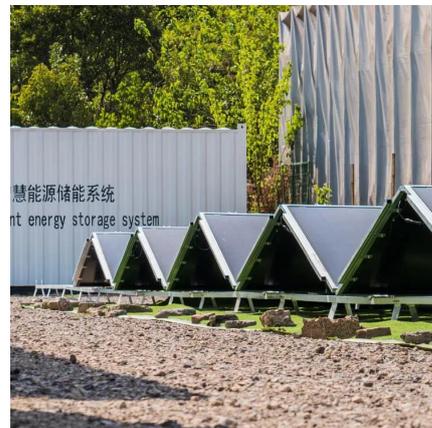

[China to nearly double battery storage to 180 GW by 2027 in ...](#)

Sep 12, 2025 · China plans to nearly double its new energy storage capacity to 180 GW by 2027, under a state-backed industry roadmap that foresees 250 billion yuan (US\$35 billion) of ...

[Largest factory for lithium-ion battery cathode materials ...](#)

With a total investment of 12 billion yuan (\$1.67 billion), the project includes the construction of six workshops for grinding, modification, graphitization, secondary coating, carbonization, and ...

CATL: Plans to invest 39 billion yuan to build a lithium-ion battery

This evening, CATL issued an announcement stating that the company plans to invest in the construction of Jiangsu Times Power and Energy Storage Lithium Battery R& D and Production ...

[China's Lithium-Ion Battery Industry: Growth, Challenges, ...](#)

Jan 1, 2025 · Lithium-ion technology has revolutionized energy storage and is pivotal in the global transition to sustainable energy. As the world increasingly relies on electric vehicles and ...

[China to nearly double battery storage to 180 ...](#)

Sep 12, 2025 · China plans to nearly double its new energy storage capacity to 180 GW by 2027, under a state-backed industry roadmap that foresees ...

[China's Lithium-Ion Battery Output Surges in Early 2025](#)

6 days ago · Lithium-ion battery industry reports a 68% increase in production amid global demand for energy storage and renewable technologies.

Over 13.6 Billion Yuan in Total Investment: New Progress for Energy

Nov 11, 2025 · Recently, battery energy storage projects from companies including SEVC POWER, Shangtai Technology, Jinche Energy Storage, and Jing Tian Industrial have been ...
