

# **Is there a power signal base station in Cape Verde**

## Overview

---

What is the voltage in Cape Verde?

Just like the rest of Europe, the voltage in Cape Verde is 230 volts and the frequency is 50 Hz. Cape Verde has standardized on type F sockets and plugs. Type C and type E plugs can also be used thanks to their compatibility with type F sockets.

What type of plug does Cape Verde use?

In Cape Verde, types C and F are the official standards. As a former colony of Portugal, Cape Verde has standardized on the German plug and socket system. What is the mains voltage in Cape Verde?

Just like the rest of Europe, the voltage in Cape Verde is 230 volts and the frequency is 50 Hz. Cape Verde has standardized on type F sockets and plugs.

Do I need a travel adapter in Cape Verde?

The electrical outlets and power plugs in Cape Verde are of types C & F (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. However, you may still need a voltage converter if the voltage is different.

What type of electrical outlets are used in Cape Verde?

In Cape Verde electrical outlets and plugs of types C & F are used (see images). You can check if these are the same as in your country with the tool at the top of this page. The voltage used in Cape Verde is 220V with a frequency of 50Hz.
