

Large glass solar sun room

Overview

What makes a sunroom a great addition?

Sunrooms are the perfect four-season addition to increase the view and create a focal point for any home or business. Solar Innovations ® 's custom designed structures include durable aluminum framework. They are tailored with the most comprehensive line of aluminum accessories in the industry.

Is sunroom glass tempered?

Choose from clear glass or bronze tint. All our glass is tempered for safety. Tempered sunroom glass keeps you safe during accidental breakage. The glass will shatter into tiny pieces instead of dangerously sharp shards. We are proud to be the only sunroom glass manufacturer who performs this process in-house.

Is a sunroom worth living again?

A day filled with a relaxing ambiance in your sunroom is worth living again! Sunrooms are now increasingly common spaces in houses with large windows and doors. Built outdoors, these are ideal for enjoying the weather and surroundings without much hassle. These are versatile glass enclosures.

Does a glazed sunroom add value?

In addition, the addition of a glazed structure adds to the property value. Residential sunrooms can be designed as small additions or large, free standing structures. All dimensions, shape, materials, and configurations are custom designed for each project.
