

New Energy solar Panel Sales Data

Overview

What is a quarterly solar industry update?

Each quarter, the National Renewable Energy Laboratory conducts the Quarterly Solar Industry Update, a presentation of technical trends within the solar industry.

Is the solar energy industry booming in 2025?

The solar energy industry is booming in 2025. We've gathered over 90 key solar energy statistics to show you exactly what's happening in this fast-growing sector. Our data comes from trusted sources. These include IEA, SEIA, Forbes, and official government reports. Each statistic has been verified for accuracy.

What is the market share of solar panels in 2025?

Key Takeaways of the Solar Panels Market: Monocrystalline solar panels segment is projected to account for 41.6% of the market share in 2025. The residential segment is expected to hold a 34.6% share of the global solar panels market in 2025. The On-Grid segment is expected to hold 54.6% of the global solar panels market in 2025.

What is the global solar panel market size?
