

Old circuit breaker for sale in Puerto-Rico

Overview

What kind of circuit breaker does Bay Power sell?

Bay Power offers a wide variety of circuit breakers, including residential, molded case, insulated case, air, vacuum, low, and medium voltage types. They sell both new and reconditioned circuit breakers, along with accessories and enclosures. You can choose a manufacturer or specific circuit breaker type from their selection.

Are reconditioned circuit breakers still available?

Yes, reconditioned circuit breakers are still available. In addition to brand new ones, there is a wide range of obsolete circuit breakers that are no longer in production, many of which are available as reconditioned.

What are industrial circuit breakers?

Industrial circuit breakers are specifically designed for industrial applications. They are built to withstand the pressures and protect the circuits of heavy duty industrial applications, unlike those found in residential or commercial sectors.

What are some types of residential circuit breakers?

There are many types of residential circuit breakers that can be found in your home, depending on where it is installed and in what room. The most common circuit breakers used in industrial applications include molded case circuit breakers, air circuit breakers, and sometimes even miniature circuit breakers.
