

Philippine Cebu Energy Storage Project Cooperation Company

Overview

Pasig City, Philippines — 21 July 2025 - Meralco PowerGen Corporation (MGEN) is set to develop a 49-megawatt (MW) Battery Energy Storage System (BESS) in Toledo, Cebu as part of its efforts to enhance grid stability and support the country's energy transition. Is Aboitiz Power Building a hybrid battery energy storage system in Cebu?

MANILA, Philippines — Aboitiz Power Corp. is building a 30-megawatt hybrid battery energy storage system (BESS) project within the Mactan Economic Zone in Cebu. Slated for commissioning in the first half of 2026, the project is poised to become one of the first large-scale energy storage systems in Central Visayas.

Will Bess be the first large-scale energy storage system in Central Visayas?

Slated for commissioning in the first half of 2026, the project is poised to become one of the first large-scale energy storage systems in Central Visayas. MANILA, Philippines — Aboitiz Power Corp. is building a 30-megawatt hybrid battery energy storage system (BESS) project within the Mactan Economic Zone in Cebu.

Does Cebu need more power investments?

DOE Central Visayas Director Renante Sevilla lauded the BESS project in Mactan, saying that Cebu needs additional power investments given its rapid progress. / KOC.

Can EAUC provide ancillary reserves to the Luzon & Visayas Grid?

"EAUC has consistently proven its ability to provide crucial ancillary reserves to the Luzon and Visayas grid when needed. The integration of BESS with our existing facility will materially enhance this capability, enabling faster and more efficient responses," Ramos said.
