

# **Pristina Home Solar Power System**

## Overview

---

Does Pristina have a heating system?

Currently, around 75 % of the buildings in Pristina are not connected to the city's district heating system and obtain heat by using the coal-based electricity in building-internal heating systems and by burning unsustainably sourced wood or lignite.

Who is big solar Pristina?

He is a district heating specialist at CES clean energy solutions – a partner of the iC group and initiator of the Big Solar Pristina project. The term Big Solar was first used for a solar district heating project planned for the Austrian city of Graz back in 2016.

What is the financing package for big solar Pristina?

The financing package for the EUR 80 million project was signed on 20 December in Pristina, Kosovo. The European Commission, the KfW banking group and the European Bank for Reconstruction and Development (EBRD) together with a local contribution will provide the investment costs for the multi-megawatt Big Solar Pristina plant.

Will the EBRD cover big solar in Pristina?

The EBRD will cover EUR 23.2 million with a loan. The KfW has also financed the feasibility study that is about to be completed. An experienced team of heat network experts from the iC group and Solid Solar Energy Systems – both from Austria – has put all their knowhow together to adapt the Big Solar concept to make it suitable for Pristina.

## Pristina Home Solar Power System
