

# **Request quote for solar container leasing options**

## Overview

---

Why should you lease a container from SeaCo?

Seaco offers a range of flexible leasing options, to help the shipping industry cost effectively manage their existing fleet, whilst supporting supply-chain demand in the short to longer term. Seaco began leasing containers in the 1960's and is now one of the world's leading international container lessors.

Should I lease or rent a container?

With iCON you can lease containers for a medium to long-term operation period. For shorter periods, we offer container rental. Leasing may be an interesting option for you especially for fixed-term projects or those with unclear terms of duration. Container leasing also offers better cash flow control of your project's income and expenses.

What is container leasing?

Container leasing is a classic B2B offer. Customers are free to choose the equipment they need: From standard containers to units for special applications such as side-door, half-height or reefer containers. We provide you with a tailor-made offer that optimally fits your business model or project.

Is container leasing a good option for a B2B project?

Leasing may be an interesting option for you especially for fixed-term projects or those with unclear terms of duration. Container leasing also offers better cash flow control of your project's income and expenses. This provides additional options for an optimized risk management. Container leasing is a classic B2B offer.
