

Singapore Solar Container 200kWh

Overview

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

What solar systems work with Megatron battery energy storage systems?

Inquire Now! ATLAS Commercial and HERCULES Carport PV systems perfectly pair with MEGATRON battery energy storage systems. MEGATRON 50kW to 150kW systems can be paired with 50kW to 100kW's of PV. Each BESS has either 50kW or 100kW solar inverter integrated into the containerized system.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

What is an eco power container?

For more details on our ECO Power Container, download our brochure here! This eco-powered container is suitable for facilities with temporary and portability requirements, or locations with no access to grid power, such as mobile site offices, emergency command/ medical centres, mobile cafes, charging stations, and events.
