

Solar panel installation manufacturer in Pretoria

Overview

What services does SP-Energy offer in Pretoria?

SP-Energy offers customized solar installation services in Pretoria to help reduce energy bills. Their service includes a detailed request form to analyze energy usage, leading to an efficient and cost-saving solar plan. We provide a range of inverters, batteries, solar panels, and other related products for installation.

Where do you install solar panels in South Africa?

We install across South Africa, with our main work in Gauteng and Durban. We install solar panels in Pretoria, battery storage and electric car charging points from all the leading brands. We remain an independent installer and our solutions are always tailored to the customers requirements.

How much does a solar system cost in Pretoria?

Typical Solar PV System Prices in Pretoria?

A solar system's cost will vary depending on its features and intended application. A grid-tied solar system with no storage. A grid-tied system with 6 solar panels, an inverter, and no batteries that can produce 2kW in excellent weather will cost between R55,000 and R65,000 to supply and install.

Why should you choose a solar installation Pretoria?

The increasing power expenses at Pretoria require you to adopt solar power immediately. A Solar Installation Pretoria enables you to obtain lasting monetary benefits with independence and environmentally friendly operations. Our organization delivers appropriate solar power solutions to both domestic and business facilities.
