Who is solution solar?

Solution Solar is a leading solar energy company, established in Melbourne, Victoria. We offer all types of solar solutions for your home or business. Including, solar panels, solar inverters, solar batteries, and the choice between on and off grid solar systems.

Does Melbourne Energy Group install solar in Australia?

Go solar. go meg. Melbourne Energy Group's accreditations give them the capabilities to install throughout Australia. This is supported by our internal project management team and effective communication with all key stakeholders through all stages of the project.

How can commercial solar power help businesses in Melbourne?

With the growing electricity rates in Melbourne, commercial solar systems will reduce long-term operational costs and improve financial sustainability through decreased dependency on grid electricity. The federal and state governments offer several incentives, such as solar rebates and tax credits, to encourage businesses to adopt solar power.
