

Solar solar container power supply system installation in Brno Czech Republic

Overview

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Who are the sales representatives of solar solar SRO?

Martin Přivora Sales representative CZ/. Ladislav Křížek Sales representative CZ/. Vlastimil Chaloupka Sales Representative DE. SOLSOL s.r.o. has been operating on the market since 2012. The company deals with the wholesale of solar panels, inverters and batteries from the world's leading manufacturers.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.
