# Southern Energy Storage Power Station Project

## Overview

---

What is the first large-scale sodium-ion battery energy storage station in China?

In May 2024, Southern Grid commissioned a 10 MWh sodium-ion battery energy storage station in Nanning, Guangxi province, the first large-scale sodium-ion battery energy storage station in China. The energy storage station can store 100,000 kWh of electricity on a single charge, which can meet the needs of around 12,000 households for a day.

Where is baochi energy storage station located?

The Baochi energy storage station -- operated by China Southern Power Grid (Southern Grid) and located in Wenshan, Yunnan province in southwestern China -- can store up to 800,000 kWh of electricity per day, which can be used by 270,000 households, according to a Xinhua news agency report yesterday.

How big is the energy storage station?

The energy storage station covers an area of about 50 mu (33,333 square meters) and has more than 150 battery compartments and boost-converter compartments with a maximum instantaneous output capacity of 200 MW.

How many kWh can a solar energy storage station store?

The energy storage station uses the latest high-capacity sodium-ion batteries with a top response speed six times faster than other existing sodium-ion batteries. It can store 800,000 kWh of electricity per day, which can be used by 270,000 households.

## Southern Energy Storage Power Station Project

[Investing approximately 9 billion yuan, China Southern Power ...](#)

On September 25, 2023, China Southern Power Grid Energy Storage Co., Ltd. (hereinafter referred to as the "Company", Party B) signed the "Cooperation Agreement on Promoting the ...

### [First Grid-Forming BESS to Support South ...](#)

2 days ago · This landmark utility-scale project is designed to further strengthen South Australia's renewable-rich power grid.

### **China launches world's first grid-forming sodium-ion battery storage**

Jun 3, 2025 · China Southern Power Grid (CSG) announced on May 26 the commissioning of the Baochi Energy Storage Station in Wenshan, Yunnan province -- a national pilot project and ...

### [Largest battery in southern hemisphere to get even bigger](#)

16 hours ago · Origin has committed to developing or contracting 1.7 GW in owned and tolled large-scale battery projects, including at Eraring, Mortlake Power Station in Victoria, the ...

## [Across China: Pioneering energy storage system lights up](#)

Jul 13, 2025 · In a landscape with an average altitude of about 4,700 meters, this pioneering energy storage system developed by tech giant Huawei, based in south China's Shenzhen, ...

## **First Grid-Forming BESS to Support South Australia's Clean Energy**

2 days ago · This landmark utility-scale project is designed to further strengthen South Australia's renewable-rich power grid.

## [Largest battery in southern hemisphere to get even bigger](#)

1 day ago · Origin Energy (Origin) has approved the third stage of its large-scale battery at Eraring Power Station, adding further storage capacity to the project already underway and delivering ...

## China's first large-scale sodium-ion battery energy storage station ...

This development signified a notable advancement in the realm of large-scale sodium-ion battery energy storage projects. It is understood that Fulin Sodium-Ion Battery Energy Storage ...

## China's 1st large-scale lithium-sodium hybrid energy storage station

May 27, 2025 · The Baochi energy storage station -- operated by China Southern Power Grid (Southern Grid) and located in Wenshan, Yunnan province in southwestern China -- can store ...

## Tesla agrees to build China's largest grid-scale battery power ...

Jun 20, 2025 · "The grid-side energy storage power station is a 'smart regulator' for urban electricity, which can flexibly adjust grid resources," Tesla said on Weibo, according to a ...

## [China launches world's first grid-forming](#) ...

Jun 3, 2025 · China Southern Power Grid (CSG) announced on May 26 the commissioning of the Baochi Energy Storage Station in Wenshan, ...

## China's 1st large-scale lithium-sodium hybrid ...

May 27, 2025 · The Baochi energy storage station -- operated by China Southern Power Grid (Southern Grid) and located in Wenshan, Yunnan  
...

## China's First Lithium-Sodium Hybrid Energy Storage Station ...

May 28, 2025 · China's first large-scale lithium-sodium hybrid energy storage station, located in Wenshan, Yunnan province, is now operational. The station, run by China Southern Power ...
