

Support for ultra-large capacity photovoltaic container customers in Mozambique

Overview

Why is Mozambique acquiring 25-30 MW of solar PV?

The procurement of 25-30 MW of solar PV is the first stage of implementation of the program which will contribute to the diversification of Mozambique's power mix and improve power supply quality, whilst ensuring low-cost energy for Mozambican end users.

What is get fit Mozambique?

GET FiT Mozambique aims to facilitate investments in relatively small-scale (4-15 MW), grid connected renewable energy Independent Power Producer (IPP) Projects, with EDM as the key off-taker and counterpart of the Power Purchase Agreements (PPA).

What is a get fit Mozambique tender?

The tender is promoted by the Ministry of Mineral Resources and Energy (MIREME), with funding from the Government of Germany, through the KfW Development Bank, under the GET FiT Mozambique program, and is implemented by the Energy Regulatory Authority (ARENE).

Which local communities will be affected by solar PV projects with storage facilities?

In April and May 2025, the Programme Implementation Consultant (Multiconsult Norge AS) together with EDM held consultations in the five local communities that will be affected by the implementation of Solar PV projects with storage facilities (Mecubiri, Meconta, Caia, Limpompo and Guija).
