

Ukrainian energy storage container three-phase for airport use

Overview

How many gas storage facilities are there in Ukraine?

Ukraine has 12 gas storage facilities operated by Ukrtransgaz. Five of these are located in Western Ukraine, two in Central Ukraine and five in Eastern Ukraine. In addition one gas storage, the Hlibivske storage facility, operated by Chornomornaftogaz, is located in Crimea and currently is not controlled by Ukraine authorities.

Why did DTEK start building energy storage systems in Ukraine?

“DTEK was the first company to start building energy storage systems and open this market in Ukraine back in 2021. “Our priority remains unchanged: to develop green energy in Ukraine, accelerate the integration of the country’s energy system into Europe and to strengthen our country’s energy security.”.

Will DTEK build a 200MW battery energy storage system in Ukraine?

DTEK unveils €140m plan for 200MW battery energy storage systems in Ukraine. (Credit: DTEK) DTEK Group, a private investor in Ukraine’s energy sector, has announced a €140m investment plan to construct a series of battery energy storage systems (BESS) in the country with a combined capacity of 200MW.

Can battery technology decentralise Ukraine's energy system?

Battery technology plays a crucial role in decentralising Ukraine’s energy system to mitigate the impact of energy supply disruptions caused by Russia, said the energy investment company.
